SENSA SERVICES AI

ENTERPRISE REVENUE CYCLE & PRE-AUTHORIZATION PLATFORM

AthenaOne Integrated

Eliminate Prior-Auth Delays & Stop Revenue Leakage

Unified clinical & revenue cycle engine for multi-location practices. Streamline pre-certs, automate high-balance claim priorities, and boost operational oversight.

Zero Manual Spreadsheets

90 to 2 Min
EOD Pre-Cert Readiness Audit

Priority 1 >$50k
Automated High-Balance Collection

100% Audit Trail
Smart AI Non-Cert Automation

Certification & Scheduling App

- Color-Coded Status Calendar: Instant blue/green/red daily readiness before noon cutoff.
- Guided Checklists: Step-by-step procedure rules for surgeries, imaging, & injections.
- AI Order Categorization: Auto-completes non-cert orders with full audit logs.
- Lead-Time Tracking: Historical payer timelines alert staff to reschedule early.

Claims Revenue Cycle App

- Priority Workqueues: Configurable tiering targets high balance claims automatically.
- Interactive Update Panel: Manage denial sub-statuses, appeals, & notes in one side panel.
- Integrated Ticklers: Role-based follow-up reminders prevent missed payer timelines.
- Credit Management: Resolves patient payment plans & returns insurance overpayments.

TURNKEY ONBOARDING & CHANGE MANAGEMENT

Role-specific training paired with a 2-month side-by-side operational audit to guarantee seamless team adoption.
